

SHOWING NOTIFICATIONS

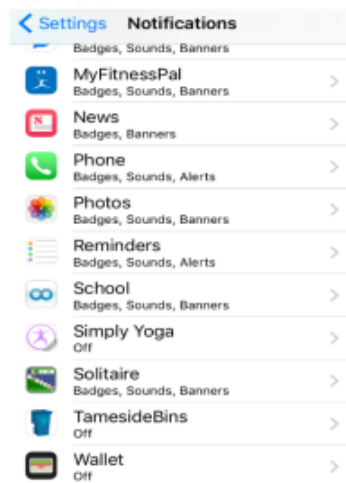

If you do not receive automatic notifications to your phone after you've installed the Gateway App, you may need to change some settings on your phone.

iPhone

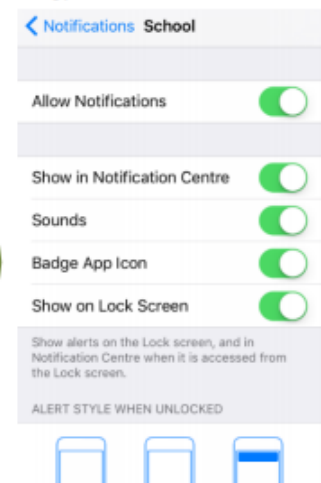

Open the Settings area on your phone:

Click on: Notifications, School Badges, Sounds, Banners

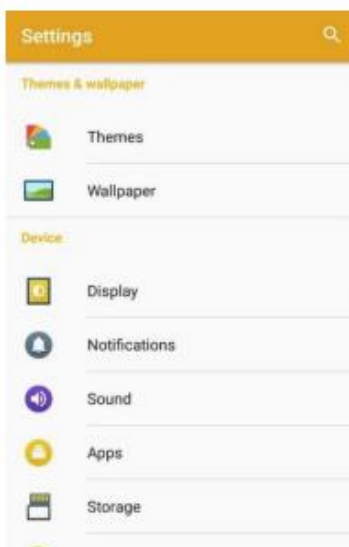

Adjust the settings to suit the notifications you would like:

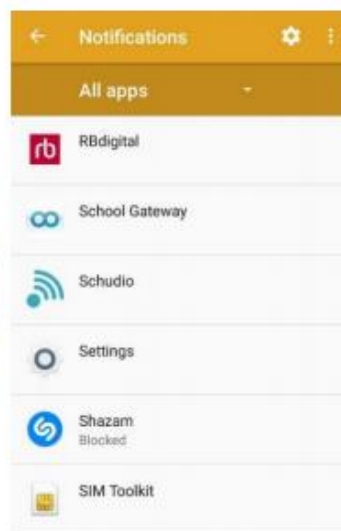

Android

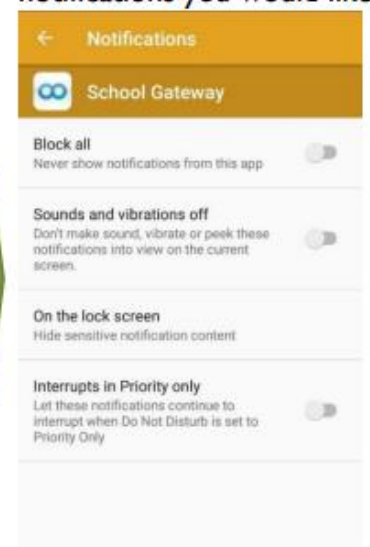

Open the Settings area on your phone:

Click on: Notifications, School Gateway

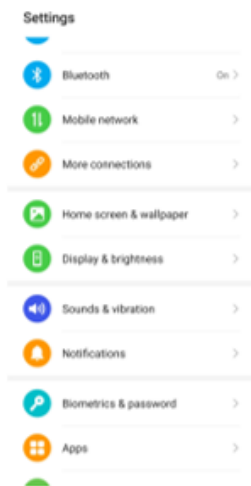

Ensure that 'Block all' is not highlighted. Adjust other settings to suit the notifications you would like:

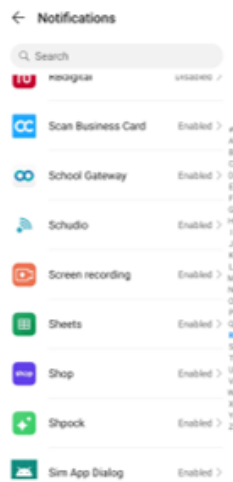

Huawei

Open the Settings area on your phone:

Click on Notifications, School Gateway

Ensure that Allow Notifications is highlighted. Manage other notification types in the Miscellaneous area.
