

Student leadership opportunity: the Diversity Council

The Diversity Council was launched in the Autumn term and 11 successful candidates were appointed in January. There is representation from each year group. They meet once per term.

During the Spring term, their work included development of a vision statement, webpage design, Bullies Out! training, and spoke with the Mayor of Tameside and The Right Reverend Prof. Walker, the Bishop of Manchester.

They co-led the International Day for the Elimination of Racial Discrimination assembly.

We will work to expand their role in the summer term to take more responsibility and be more visible around school.
